

## ESC 3.0: to make things better

is a Strategic Partnership project (2020-2021) funded by the EC programme Erasmus+ and carried out by Lava Legato foundation from The Netherlands, Taller d'Art, Cultura i Creació from Spain and Associazione Porta Nuova Europa from Italy.

The main objective of this project is to share and exchange different work approaches and methods of hosting and supporting ESC volunteers by carrying out structured and topic-based peer to peer (P2P) audits between colleagues or between partner organisations.

Second aim of the project is to create a network of Youth organisations in Europe, who collaborate together in the field of ESC and regularly carry out P2P audits, improving the audit methods into an innovative system for quality improvement in ESC volunteering projects (and beyond).

### The main project outcomes are

- **WORKSHEETS** for eleven different steps of the ESC hosting process and six steps for the supporting process.
- The **MANUAL** that explains how to execute a P2P audit and how to use the worksheets. The P2P audit methodology can be used for free by all youth organisations active in the field of the European Solidarity Corps programme: see the websites below for more information.

### The steps to carry out a P2P audit:

1. Choose a topic you would like to work on.
2. Find a peer auditor in your own or in a partner organisation.
3. Plan and prepare the P2P audit by gathering your working material and presenting your working methods.
4. Carry out the P2P audit by answering to the questions of your partner.
5. Make a plan with concrete goals to improve your work and share it with your partner.
6. Have more happy volunteers!
